

Community Benefit Report FY2021

Our team provided outstanding care to the Sarpy/Cass communities and across Nebraska. When asked to provide COVID-19 vaccinations, our team organized a streamlined process to vaccinate 23,000 patients. We are continuing our focus on ambulatory care and expanding ASC procedures. We also added a movement disorder program and water therapy. Next year, we will jointly open the Veterans Administration Community Living Center on our fifth and sixth floors.

Community Benefit Snapshot**

Youth Mental Health

Supported the launch of the Sarpy County Youth Mental Health Task Force during the 2021- 2022 school year. The Task Force seeks to improve care coordination for school-age children and families through referrals, motivational interviewing and interdisciplinary case management.

Behavioral Health

Tobacco Education and Advocacy of the Midlands (TEAM) partnered with UNMC to create an evidence-based, T.E.A.M. No Vaping prevention curriculum and provided technical assistance to **12 schools** on implementing updated policies. T.E.A.M. supported **7 new multi-family housing properties** in becoming designated 100% smoke, vape and tobacco-free.

COVID-19 Response

Administered **26,538 vaccines** to protect against SARS- CoV- 2 (coronavirus).

Access to Care

Administered **777** routine immunizations to 544 uninsured or under-insured children and adults.
