

CHI Health St. Francis Skilled Nursing Facility - Long Term Care Hospital

Community Benefit Report FY2022

Exceeding the community's expectations is our team's focus. A culture of "YES" empowers our efforts, from a state-of-the-art heart cath lab and an expanded emergency department (in progress) to a new Serenity Suite for people made victims by sexual assault to our deeply rooted culture of safety. This fiscal year we will open a state-of-the-art Family Health Center and recruit Family Medicine and Internal Medicine providers. Our drive to improve the health of the community we serve - especially the most vulnerable - is what our mission is all about.

Ed Hannon, President

\$11,730,644 Total Community Benefit
Division Total Community Benefit **\$265.3M**

2,391 Patients supported
with Medical Financial Assistance

Community Health Needs Assessment Priorities

Access to Care

Behavioral Health

Community Benefit Snapshot**

Community Support

Contributed **\$30,000** to strengthen Multicultural Coalition's Community Health Worker program. This will enhance the community's ability to provide culturally appropriate care and improve the health status of at-risk immigrant communities in the region.

Violence Prevention

Supported efforts to respond to the tragedy of human trafficking in the central Nebraska region through a violence prevention grant and the community collaboration it helped to catalyze.

Access to Care

Provided primary care services to **239 students** and behavioral health services to **138 students** at Grand Island Senior High School. The Wellness Center also administered **750 vaccines** to students.
