

CHI Health Plainview

Community Benefit Report FY2022

My vision for CHI Health Plainview is to see it grow to meet the needs of our immediate community and our surrounding communities. We've stayed in touch with community members to be a key partner in growing a thriving community that in turn offers more services to our residents – such as access to care, more behavioral health opportunities and education, and bringing more specialists to our area. All the while working with the staff as partners to unite our workforce.

Gregory Beckmann, President
