

CHI Health St. Francis Skilled Nursing Facility - Long Term Care Hospital

Community Benefit Report FY2023

The recent Emergency Department renovation enhances our regional trauma services, increases our number of treatment rooms, gives special attention to patients with behavioral health needs and has Apollo Helicopter services stationed on-site. In the coming year, we will open a Family Health Center and recruit new family and internal medicine providers to improve access to primary care and other disciplines. These efforts serve our mission to improve the health of the community we serve - especially those who are vulnerable.

Ed Hannon, President

\$10,213,818 Total Community Benefit
Division Total Community Benefit **\$231.1M**

4,757 Patients supported
with Medical Financial Assistance

Community Health Needs Assessment Priorities
