7500 Mercy Rd
Omaha, NE 68124
Phone: 402-717-5227 Fax: 402-717-5252

Repeat & Add-on Testing

Repeat determinations will be performed at no charge if, in the opinion of the referring physician, a distinct variance exists between the clinical picture and the laboratory result. For this reason, CHI Health Laboratory routinely store most of the serum specimens for 5 days. Other specimens are kept for shorter time periods according to their stability. Refer to the test directory for stability of specific analytes. (Hospital labs hold specimens 72 hours)

The Add-On form is required for tests you wish to add to specimens already at the lab. It is available on our web site www.CHIhealth.com/lab-services or can be faxed to you. Please contact our client service department at **(402) 717-5227** for details regarding repeat and add-on testing.
