

CHI Health Mercy Corning

Community Benefit Report FY2022

I am most proud of our resilient, compassionate, skilled staff and how they meet our community's needs. This work goes beyond our doors to support local food banks, host students in health care professions, provide CPR training at schools and work with Healthy Hometown and our Behavioral Health Coalition. The coalition funds early childhood education and training for school staff to help students build resilience. Supporting the health of our patients and our communities is what we do.

Alicia Reed, President

\$2,367,124 Total Community Benefit
Division Total Community Benefit **\$265.3M**

1,481 Patients supported
with Medical Financial Assistance

Chronic Disease Prevention

Community Benefit Snapshot**

Supporting Schools

Purchased technology and provided teacher training to increase engagement and interaction among chronically absent students, resulting in a **88% increase in attendance** among students in participating schools.

Food Access

Provided **\$7,000** to Adams & Taylor County food pantries for the purchase of fresh fruits and vegetables.

Community Connections

Expanded the Parents as Teachers program to serve **49 low-income families**, with 75 total children. Participating families received **395** home and virtual visits, resulting in improved or maintained family functioning. 91% of families were connected with additional supports.
