

CHI Health Continuing Education Maternal Child Education 2021

Basic Fetal Monitoring

8:00 am – 4:00 pm

February 19, 2021

June 4, 2021

December 3, 2021

Location:

CHI Health Lakeside - Siemens
16901 Lakeside Hills, Ct. Omaha, NE 68130

Presented by:

Michaela Drewel, RN, C-EFM
Rachelle Hesper, MSN, RN-C
OB, C-EFM

Purpose:

To prepare obstetrical nurses to interpret fetal monitoring tracings using NICHD terminology and communicate to the provider such information.

Objectives:

- At the end of this program, the participant should be able to:
- Identify the monitoring equipment used in both fetal heart rate and rate and uterine contraction monitoring.
- Review the physiological mechanisms impacting the fetal heart rate, uterine activity and fetal oxygenation.
- Define fetal heart rate patterns, methods of interpretation and interventions.
- Discuss advantages and limitations of each methods used for fetal heart rate and uterine contraction monitoring.
- Participate in critical thinking exercises that utilize written and verbal communication skills and includes legal ramifications.

Audience:

Maternal Child Nurses

Questions:

Rachelle Hesper at 402-398-6778 or
Rachelle.Hesper@alegent.org
