Questions:

Contact Rachelle Heser @ rachelle.heser@commonspirit.org

Purpose:

To prepare obstetrical nurses to interpret fetal monitoring tracings using NICHD terminology and communicate to the provider such information.

Registration:

Register in CE Tracker at <https://cmetracker.net/CREIGHTONCHI/>. Click on "Live Activities" to view the catalog, find the class and register.

Objectives:

1. Identify the monitoring equipment used in both fetal heart rate and rate and uterine contraction monitoring.
2. Review the physiological mechanisms impacting the fetal heart rate, uterine activity and fetal oxygenation.
3. Define fetal heart rate patterns, methods of interpretation and interventions.
4. Discuss advantages and limitations of each methods used for fetal heart rate and uterine contraction monitoring.
5. Participate in critical thinking exercises that utilize written and verbal communication skills and includes legal ramifications.

Cost:

Non-CHI Employee-\$60

CHI Employee-Free

Nurse CE:

Creighton University Health Sciences Continuing Education designates this activity for 7.2 contact hours for nurses. Participants must be present at the start of the program and attend 100% of the program to receive continuing education credit and a certificate. Partial credit will not be awarded.
