## Community Benefit Report FY2022

The past year has brought many challenges as we moved through the pandemic and dealt with staffing constraints in certain areas. One thing remained the same: our commitment to our mission and community. I couldn't be prouder. We continue to focus our efforts on patient experience, consistent provider coverage in our clinic and hospital, and growing services and community collaboration so that we can meet our community's needs and fulfill our mission.

## Community Benefit Snapshot\*\*

### Mental Health

Worked diligently on a plan to implement Senior Life Solutions, an **outpatient group therapy program for older adults**, which is expected to launch in 2023. Hired a new licensed social worker, offering behavioral health services 5 days a week.

### Transitions of Care

Sustained and grew Matter of Balance program, an evidence-based program to reduce fall risk and fear among community-dwelling older adults. Increased access to Cardiology services through an **onsite clinic twice monthly** and offered free health screenings at our annual health fair.

### Poverty

Provided health care regardless of one's ability to pay through our medical financial assistance program. Partnered with Rainy River Community College to offer a **CNA course** to match job seekers with in-demand careers.
