

# CHI Oakes Hospital

## Community Benefit Report FY2022

I am proud of our staff's resilience and the high quality of care we maintained in light of challenges. We need to be acutely aware of mental health challenges throughout our community while continuing to provide quality medical care. That means proactively ramping up mental health care and available resources. I believe our hospital is only as good as our people, and I am extremely proud to work with some of the very best.

Rebecca Thompson, President

**\$443,929** Total Community Benefit  
Division Total Community Benefit **\$265.3M**

**102** Patients supported  
with Medical Financial Assistance

## Community Health Needs Assessment Priorities

to Care

Mental  
Health

Substance  
Abuse

Violence  
Prevention

## Community Benefit Snapshot\*\*

### Mental Health

Participated in new collaborative efforts with partner hospitals and department of public health to provide enhanced mental health care services. Provided **Mental Health First Aid** and **ASIST suicide prevention training** to hospital staff to better respond to patients in mental health crisis.

### Violence Prevention

Renewed commitment to a violence-free North Dakota by working with the state domestic violence coalition and training new staff members to provide community outreach presentations and healthy relationship workshops.

### Mental Health

Collaborated with the community to provide educational resources and increase awareness of mental health and suicide. A resource library for mental health and suicide awareness was set up outside the hospital.
