

CHI Health Mercy Council Bluffs

Community Benefit Report FY2022

Our strategic vision for Mercy is simple, create the best place for people to work. Our people are our most precious asset and our entire organization is focused on our Wildly Important Goal of being the best place for passionate and talented people to live out their goals and dreams. We know that the care our Mercy team provides is special. And we are excited to grow our talented team to increase access to Mercy's expert and compassionate healing for all those in need.

Behavioral Health

**Health-Related
Social Needs**
Food Access, Poverty

Community Benefit Snapshot**

Poverty

Supported **40 individuals** in completing the "Getting Ahead" financial literacy and goal setting program. Graduates increased their net assets by \$3,357, reported a \$1,289 increase in average monthly income and decreased monthly public benefits usage by \$113, post graduation.

Substance Abuse & Recovery

Provided **\$10,000** to Mills County Public Health to deliver the Family Matters substance abuse and peer support program, offering social support to 81 households and 103 hours of individual coaching to 71 individuals and their families.

Behavioral Health

Opened Psychiatric Immediate Care Center (PICC) to provide access to psychiatric assessment and care for patients experiencing a mental health crisis, who do not require an inpatient admission, but need care sooner than most outpatient clinics can accommodate.
