

Health Information Exchange (HIE) by State

STATE	Health Information Exchange Name	CHI and Dignity Health Participating Facilities	Consent policy (Opt in or Opt out)	Contact process or information for patients
Nationwide	Dignity Health / Commonsprit HIE	All Dignity Health Facilities	Dependent on State Law	This link is only for Dignity Health Facilities & Virginia Mason. https://www.dignityhealth.org/my-home/health-information-exchange
Nationwide	eHealth Exchange	eHealth Exchange is used extensively across CommonSpirit Health and connectivity is dependent on technology capabilities of the facility. It is primarily used to access clinical data from statewide and regional HIE's along with other large Health Systems. eHealth Exchange is a Network of Networks also connecting federal agencies and non-federal healthcare organizations so medical data can be exchanged nationwide to improve patient care and public health.	Dependent on State Law	https://www.dignityhealth.org/my-home/health-information-exchange
Nationwide	CommonWell Health Alliance	CommonWell is used extensively across CommonSpirit Health and connectivity is dependent on technology capabilities of the facility. CommonWell Health Alliance is a not-for-profit trade association devoted to the simple vision that health data should be available to individuals and caregivers regardless of where care occurs. Additionally, access to this data must be built into health IT at a reasonable cost for use by a broad range of health care providers and the people they serve.	Dependent on State Law	https://www.dignityhealth.org/my-home/health-information-exchange
Nationwide	Carequality	Carequality is used extensively across CommonSpirit Health and connectivity is dependent on technology capabilities of the facility. Carequality is a 501c3 non-profit, is a national-level, consensus-built, interoperability framework to enable exchange between and among health information networks and service platforms. Carequality supports secure access to health information across diverse networks, including those operated by electronic health record vendors, record locator service providers, health information exchanges, and others. The connectivity is governed by technical and policy agreements developed and maintained by a broad group of industry and government stakeholders.	Dependent on State Law	https://www.dignityhealth.org/my-home/health-information-exchange
