Community Health Needs Assessment Priorities

Access to Care

Behavioral Health

Social Determinants of Health

Community Benefit Highlights**

Behavioral Health

Convened the behavioral health coalition and conducted one Mental Health First Aid (MHFA) training for the community.

Access to Care

Held two Health Fairs that provided low-cost labs, blood pressure screenings, and other vital services to 224 community members

Social Determinants of Health

Supported the Schuyler Farmer's Market and Colfax County Food Pantry. Helped hire a Market Manager and distributed fresh fruit and vegetable vouchers; \$536 in vouchers were redeemed, increasing access to nutritious food, promoting healthier eating and supporting local farmers.

Social Determinants of Health

CHI Health Schuyler supports the Schuyler Community School Family Literacy group, which combats poverty through intergenerational education. We participate by providing healthcare education during their twice-weekly meetings, promoting family well-being.
