TBD

Locations:

CHI Health St. Elizabeth 555 S 70th St Lincoln, NE

CHI Health Lakeside 16901 Lakeside Hills Ct Omaha, NE

CHI Health St. Francis 2620 W Faidley Ave Grand Island, NE

Purpose:

To prepare obstetrical nurses to interpret fetal monitoring tracings using NICHD terminology and communicate to the provider such information.

Objectives:

1. Identify the monitoring equipment used in both fetal heart rate and rate and uterine contraction monitoring.
2. Review the physiological mechanisms impacting the fetal heart rate, uterine activity and fetal oxygenation.
3. Define fetal heart rate patterns, methods of interpretation and interventions.
4. Discuss advantages and limitations of each methods used for fetal heart rate and uterine contraction monitoring.
5. Participate in critical thinking exercises that utilize written and verbal communication skills and includes legal ramifications.
